About Ramakrishna Mission

Ramakrishna Math and Ramakrishna Mission are twin organizations which form the core of a worldwide spiritual movement, aims at the harmony of religions, harmony of the East and the West, harmony of the ancient and the modern, spiritual fulfilment, all-round development of human faculties, social equality, and peace for all humanity, without any distinctions of creed, caste, race or nationality.

The service activities of the Ramakrishna Mission gathered momentum in Tripura with the establishment of Ramakrishna Mission Educational Complex as a branch centre of the Ramakrishna Mission, Belur Math, West Bengal, at Viveknagar, a rural area located 8 k.m. away from Agartala, the capital town of the State of Tripura. The development of this Educational Complex has an important background history, which deserves special mention. In 1989, a tripartite Peace Accord was executed between the Governments (Govt. of India, Govt. of Tripura) and Tripura National Volunteers, and following the said Peace Accord, the Ramakrishna Mission was invited to start educational services, and thus, the present Ramakrishna Mission Educational Complex has come to an existence at Viveknagar on 29th May in 1989, on the land handed over to the Ramakrishna Mission by the Government of Tripura.

Vision of the Mission

“We Need Technical Education
And All Else That Will Develop
Industries, So That Man Instead
Of Seeking For Service May Earn
Enough To Provide Themselves and
Save Against A Rainy Day”

- Swami Vivekananda.

Secretary's Message

With a view to implementing Swami Vivekananda's concept of "man-making and character-building education" into reality the Ramakrishna Mission has been rendering services to the humanity since last 125 years. The unique system of the Mission in running the Educational Institutes have bagged special attention and appreciations from all quarters in India and abroad.

Swami Vivekananda's vision reminds us ... "We want that education by which character is formed, strength of mind is increased, the intellect is expanded, and by which one can stand on one's own feet" In the very Educational Complex at Viveknagar, along with running of a reputed Higher Secondary School (English Medium, affiliated to CBSE) the Ramakrishna Mission also gave importance in running a Vocational Training Centre (VTC) from the very beginning of the Centre, for indoctrinating technical education among the youth of the localities. Having run the said VTC for about 22 years the decision of upgrading the Training Centre into an Industrial Training Institute (ITI), was taken with the active cooperation and financial supports from the Government of Tripura through its Departments of School Education and Industry & Commerce.

Whereas, the H.S. School concentrated its efforts on imparting quality general education, the ITI endeavours to enable students outside the pale of Higher Education to "stand on their own feet" by acquiring job skills needed for industrial workforce. Since, Ramakrishna Mission is always quality conscious, the ITI was commenced with only three Technical Trades, with a plan to include more trades to it in course of time.

The efforts of the entire ITI team has been well recognised by the people as the Institute has bagged the 1st Rank in the State as per the 2nd Phase Grading done by the DGT. By the grace of Sri Ramakrishna, Ma Sarada Devi and Swami Vivekananda, we hope the Institute will surely keep on contributing for the all-round development of the youth of Tripura. We trust that the Industrial Training Institute, Viveknagar, will also continue its services in innovating new technical ideas and machines and methods. I pray so that the students become good human beings with Indian traditional values of renunciation and service as the guiding motto of their lives.

With warm regards,
Swami Shubhakarananda
Secretary

Principal's Message

Ramakrishna Mission Pvt. Industrial Training Institute is a humble attempt to put into practice Swami Vivekananda's educational ideas. He said, "Education is not the amount of information that is put into your brain and runs riot there, undigested, all your life. We must have life-building, man-making, character-making assimilation of ideas. If you have assimilated five ideas and made them your life and character, you have more education than any man who has got by heart a whole library".

This has to be done by combining the best elements of the East and the West. Swami Vivekananda envisioned an educational system wherein the rich cultural and spiritual heritage of our country with its strong tradition of values would be blended with modern science, and Western values like scientific attitude, rationality of outlook, technological skill, work efficiency, teamwork, etc. so that the trainees are ready to face challenges in life.

We are offering skill development courses, which are need-based, job-oriented and aimed essentially for the masses and marginalized sections of the society. The courses will in a large measure, train them to be fit for the modern competition with a solid base of values behind them, in the words of Swami Vivekananda, "to enable them to stand on their own feet".

The Institute is situated in a pleasant and serene atmosphere with all the facilities available. At present, the Institute offers courses in Electrician, Plumber, and Refrigeration & Air Conditioning trades. Courses are affiliated to Directorate General of Training (DGT), Ministry of Skill Development and Entrepreneurship, Govt. of India. The Syllabus & Curriculum are approved by National Council of Vocational Training (NCVT), New Delhi.

I welcome all the trainees and the well-wishers and assure you on behalf of our faculty members and supporting staff that we shall strive to give you our best.

With Warm Regards

Swami Vedangananda
Principal

The journey of Ramakrishna Mission Private Industrial Training Institute (ITI) affiliated to Directorate General of Training (D.G.T.), began at the Viveknagar premises on 1st August, 2014. This endeavour of the Ramakrishna Mission, Viveknagar, is to empower and encourage the youth to develop entrepreneurship skills.

- Student Counselling and registration programme under National Career Service.

❖ Apprenticeship Awareness Programme.

PLACEMENT SUCCESS

Our trainees have been successfully placed in following companies:

❖ BANK

- Ujjivan Bank
- ICICI Bank

❖ PSU/GOVERNMENT

- Bharat Electronics Limited.
- ONGC Under Contract
- TSECL
- Tripura University

❖ COMPANIES

- Honey Well – Food & Beverages
- MUTHA Industries
- Adani Solar
- Electron Pvt. Ltd.
- Pran Group Ltd.
- Modern Veer Rays Security Force India PVT. Ltd. Mumbai

- Vishal Garments
- Vertive Energy Power Ltd.
- RFL
- Samsung
- Indian Tobacco Company Limited.
- RS Cooling
- Third eye
- Voltas
- Amit's Engineering
- Reliance Mall
- Reliance Jio

WHY TO CHOOSE OUR TRAINEES ?

- ❖ Trainees have obtained value added education.
- ❖ Trainees are aware of Indian Culture.
